Toronto, ON | (437-662-3649) | mogha_tisha@outlook.com | [Github](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Recent Computer Applications postgraduate with hands-on experience in full-stack software development, REST API integration, backend development, and system administration through internships, freelance work, and personal projects. Proficient in Python, JavaScript, Java, SQL, React.js, Node.js, and cloud technologies, with a strong foundation in Agile software development and troubleshooting. Passionate about building scalable applications, solving technical challenges, and continuously learning modern software engineering practices. Currently pursuing Microsoft Azure Fundamentals (AZ-900).

TECHNICAL SKILLS

- Languages: Python, Java, JavaScript, C++, PHP, SQL
 - Frameworks: React.js, Next.js, Node.js, Tailwind CSS, Bootstrap, REST APIs
 - Systems & Infrastructures: Windows OS, Linux, Hardware Diagnostics
 - Cloud & Databases: AWS, MongoDB Atlas, MySQL, MongoDB, Oracle
 - Networking: TCP/IP Fundamentals, Network Troubleshooting
 - Tools: Git, Postman, Vercel, Linux CLI
 - Concepts: Agile SDLC, API Integration, Data Structures, Object-Oriented Programming
-

WORK EXPERIENCE

IT System Administrator (Freelancer) | Upwork | Toronto, ON | Sep 2025 - Present

- Maintained and supported Windows and Linux systems, ensuring stable performance and system availability.
- Monitored server environments and applications to identify and resolve technical issues.
- Performed system updates, configuration changes, and basic security maintenance to maintain reliable systems.
- Troubleshooting software, database, and deployment issues, improving system stability and reducing downtime.
- Assisted with server setup, application deployments, and environment configuration for web applications.

Full Stack Developer | ThinkSwift | Toronto, ON | Dec 2024 - Aug 2025

- Managed the Software Development Life Cycle (SDLC) in a 4-member Agile team, improving delivery speed by 20%.
- Implemented REST API integrations to enable seamless communication between frontend and backend systems.
- Implemented secure authentication and Stripe payment functionality.
- Troubleshoot application and database issues to improve system stability.
- Participated in sprint planning, code reviews, testing, and deployment activities.

Junior Software Developer Intern | Honasa Limited | Delhi, India | Aug 2022 - Dec 2022

- Developed a responsive job portal using PHP and MySQL supporting 10,000+ users.
 - Assisted in system architecture planning and technical documentation.
 - Improved performance by debugging issues, testing modules, and optimizing database queries.
-

PROJECTS

Smart Portfolio | Founder & Developer | Toronto, ON | Present

- Built a modern developer portfolio with AI chatbot integration and email contact system.

- Implemented responsive UI using Next.js, React.js, and Tailwind CSS.
- Demonstrates full-stack development and interactive user experience

AIVA (AI Virtual Assistant) | Developer | In Progress

- Developing a multilingual voice-based AI assistant capable of human-like conversation.
 - Integrating Python, Node.js, React, and AI APIs for conversational interfaces.
-

EDUCATION

Postgraduation | Humber College | Toronto, ON | 2023 - 2025

- Graduated with honors.

Bachelor of Computer Applications (BCA) | Trinity Institute of Professional Studies | Delhi, India | 2019 - 2023

- Graduated with distinction
-

CERTIFICATIONS

- Full Stack Developer - Coursera
- Microsoft Azure Fundamentals (AZ-900) — Currently in Progress
